## 1. Causes of the Crisis

## Causes of the Crisis

---

# The Begin of the Crisis

*“Hardly anything more unfortunate can befall a scientific writer than to have one of the foundations of his edifice shaken after the work is finished.”*

– Gottlob Frege

# The Begin of the Crisis

*“Hardly anything more unfortunate can befall a scientific writer than to have one of the foundations of his edifice shaken after the work is finished.”*

– Gottlob Frege

A new foundation of mathematics had to be found.

Thanks for your attention! Any questions?
